

## Parenting Little Ones From a Place of Grace

What does God see when He looks at me?

Rules will \_\_\_\_\_ a heart but grace is the only thing that can \_\_\_\_\_ it.

With little ones, we keep it super \_\_\_\_\_.

His **grace**, His **love**, His **mercy**- that's what we want to pour out all over our little people.

...remind yourself every day that your value, purpose, worth, significance, and identity rest securely in what Jesus has already done for you at the cross.
